

The Marks of a Professional

The Commercial Collection Agency Association of the Commercial Law League of America (CCAA) has launched a Certified Collection Professional Program.

The objectives of this program are to provide a comprehensive training program for CCAA members that:

- Incorporates the latest techniques in e-learning.
- Fits into the busy lifestyles of today
- Rigorously tests applicants for certification.
- Provides recognition for those who successfully complete these courses of study.

We believe we have succeeded. A list of graduates from these programs can be found on the [Honor Roll](http://www.ccaacollect.com) on our website, www.ccaacollect.com.

As our members continue to enroll their professional employees in these programs you will begin to see CCAA members proudly displaying this mark:

This program is a continuation of CCAA members' efforts to better serve the business credit community.
